Re: ***Sejasmí Industries Inc v A+ Mold Inc***
COA No. 336205
MSC No. 156341

Dear Clerk:

Because a supplemental *amicus* brief would essentially restate the points already made in the brief of *amici* American Mold Builders Association, et al., which was accepted for filing by order entered on November 14, 2017, *amici* respectfully request that the Court consider their prior brief's discussion relative to the merits of this appeal for purposes of the upcoming mini-oral argument. Please see in particular the discussion of the problems the statute was intended to solve on pages 4 through 9, and the proper interpretation of the statutory text on pages 13 through 17. If another motion for leave is required for continued consideration of the previously filed brief for purposes of the MOAA, please let me know.

Very truly yours,

Gaëtan Gerville-Réache
